# CREATING A LIFE WORTH DYING FOR

COME EXPERIENCE AN INTIMATE EVENING WITH THE  
HOTTEST SPEAKER FROM MOSES ZNAIMER'S IDEA CITY II

Stephen has travelled the world leading workshops such as Its Your Choice, Awakening to your Truest Power, and the Illumination Intensive, making it possible for thousands to step into the magic and power of their own life. He is dedicated to showing people how to live with purpose, meaningfully, in the moment.

Garrett is an advocate of changing our cultural view of death, death not as the enemy but an ally, aiding us in living with ourselves in an intimate and loving manner.

Garrett has experienced tremendous success in life as a teacher, an investment banker, a social worker and an author. Perhaps his greatest achievement though is his courage in the midst of mortal adversity.

Enjoy a glass of wine with this truly engaging and enlightening presentation.
